Company: Impresa Pizzarotti & C. S.p.A.

Location: Yaounde

Category: other-general

Descrizione azienda

Impresa Pizzarotti & C. S.p.A. was founded in Parma in 1910 by Gino Pizzarotti, subsequently transformed in 1945 into a limited liability company by Pietro Pizzarotti, father of the current Chairman Paolo Pizzarotti, and became a joint-stock company in 1961 with a share capital of 250 million euros. Today it is in its fourth generation, represented by Michele Pizzarotti, Vice President of the company, together with his siblings Enrica and Pietro.

Over the years, Impresa Pizzarotti has undergone a continuous evolution to become one of Italy's leading general contractors. The company has always aimed at constant development in the realisation of complex works: road and motorway infrastructures, including those under concession, tunnel works, airports, dams, industrial infrastructures, railway construction and health and residential building projects. Today the Pizzarotti Group is present in almost all geographical areas of the world

Posizione

For an important residential project for the construction of social housing and industrial base in Cameroon, we're looking for an Assistant Country Manager. Reporting directly to the Cameroon Country Manager, the role includes the following activities:

Collaborate with the Country Manager (COU) by assisting him in his activities aimed at planning, managing and controlling the activities of the Project with particular reference to the realization of the industrial base that covers about 16 hectares, and assist in coordinating with the Project Team, that is in charge of the project implementation and includes on site

key figures such as: Construction Manager, Head of Technical Office, Contract Manager, Cost Controller, Chief Quantity Surveyor, Administration and Finance Manager, HR, Plant Manager etc.;

Support the Country Manager in promoting communication between the Project Team, and the various Headquarters Departments in order to harmonize the necessary activities between Headquarter and Project;

Support the Country Manager in defining the correct requirements in terms of human resources and means/materials needed to work towards the appropriate resources' allocation and management;

Support the Country Manager to make sure the corporate policies and procedures are followed by the Company and Project personnel;

Collaborate with the Country Manager, Project and Headquarters Team in compliance with Corporate procedures and contractual obligations to draft the planning, budget (economical and financial) and in general the Project plan, periodically verifying its compliance and reporting variations from what was planned;

All the above considered:

Work to facilitate the COU and Team in estimating in advance risks and opportunities related to all activities and Project phases;

Assist COU and Team in order to identify, manage and control any changes in the contract scope of work;

Draft, with the supervision of the COU, periodic and/or extraordinary reports and communications related to results and key Project information.

Requisiti

Position mandatory requirements:

Degree in Civil Engineering (or equivalent);

Excellent knowledge of French and Italian;

At least 7 years' experience in international construction sites of which at least 4 in technical services and at least 3 years in Project control management and planning of civil projects;

Excellent knowledge of tools such as Win Project/Suretrack/Primavera;

Excellent knowledge of methods and tools related to Project management risk and opportunities analysis.

Additional requirements that will be considered preferential:

PMI® certification (or equivalent);

Prior experience in Africa and in the construction of industrial bases for the construction of precast, equipped with iron production plants, concrete mixing plants, bituminous conglomerates production, etc.;

Excellent communication, problem solving and planning skills; ability to manage multidisciplinary and multicultural teams;

Ability to effectively manage multiple tasks and deadlines simultaneously.
