Category: business-and-financial-operations

TELUS International AI-Data Solutions partners with a diverse and vibrant community to help our customers enhance their AI and machine learning models. The work of our AI Community contributes to improving technology and the digital experiences of many people around the world. Our AI Community works in our proprietary AI training platform handling all data types (text, images, audio, video and geo) across 500+ languages and dialects. We offer flexible work-from-home opportunities for people with passion for languages. The jobs are part-time, and there is no fixed schedule. Whoever you are, wherever you come from.

The Role

Who is suitable for this work?

We are looking for dynamic people who have strong communication skills and use the Internet daily. This is a freelance, independent contractor position. You will have the flexibility and freedom to work from your own home, working your own hours.

What does the work involve?

In this job you will be reviewing online advertisements in order to improve their content,

quality and layout. You will be required to provide feedback and analysis on advertisements found in search engine results and provide ratings on their relevance to the search terms used. Another aspect of this opportunity will involve reviewing the language used in advertisements by examining grammar, tone and cultural relevance.

As a Personalized Internet Ads Assessor your ultimate goal will be to contribute towards making internet search and online advertising more relevant and interesting for all French speakers in Cameroon

Working on this project will require you to go through a standard recruitment process (including passing an open book assessment). This is a part time project and your work will be subject to our standard quality assurance checks during the term of this agreement.
